Ahmedabad medical association is an oldest medical association of India and also one of the oldest medical associations of the world. It has biggest number of membership, more than 9000 members. More than 100 years old AMA has a glorious past. On 24<sup>th</sup> March, 1902, it was established as the name Ahmedabad Medical Society initially. In the year 1928, the Indian Medical Association was formed and in the year 1939, Ahmedabad Medical Society joined IMA as one of its branches. After adoption of revised constitution of IMA, the name of Ahmedabad Medical Society was changed to Ahmedabad Medical Association on 14<sup>th</sup> June, 1977.

Restoknee surgery is performed for osteoarthritis of knees by Dr Sharad G Oza for last more than 30 years. In this surgery no artificial implants are used and natural protective mechanisms of knee like ligaments, cartilage etc are preserved, which allows the patients to perform unrestricted activities including outdoor sports. Since no artificial implants
